

Recommended Spare Parts

This is a guideline only. The number of individual parts stocked is to be determined according to heater population and type of heaters.

Part #	Description	Qty
901124K	Sensor, Temperature c/w "O" Ring	2
901021K	Sensor, Overheat Breaker c/w "O" Ring	2
905821	"O" Ring, Temperature Sensor	2
917724	"O" Ring, Overheat Sensor	2
515431K	Motor/Fan Kit, Bravo 80 – 24 volt	1
825100K	Compressor, Bravo 80	1
850226K*	Fuel Delivery Unit (FDU)	1
859919K	Fuel Regulator, Bravo 80	1
855123K	Valve, Solenoid, 24 volt c/w "O" Ring	1
854930K	Electrode, Alumina 3/8 - Kit	2
940732K	Coupling, Moulded (Pair)	2
854421K	Nozzle, Fuel, 30609-9, c/w "O"-ring	2
855227K	Sensor, Flame	2
913526K	Coil, Ignition	2
930522K	Lead, Ignition c/w Boot	1
910112	Manual, Service	6
953420K	Air Filter	2
906300K	PCM, 24 Volt	1
860121K*	Burner Head	1
858728	Grommet	2

* It is recommended that properties having a number of heaters stock a Fuel Delivery Unit and/or a Burner Head. This will enable the maintenance department to perform service work to the heater with very little down time to the vehicle.

* "K" denotes kit packaging.
